It is only to be used for the project and site specifically identified herein and is not to be used on any other projects, or for the purpose of manufacturing and reproduction. It is to be returned upon request.

**Sheet:**

## DETAILS:

### Standoff Supports / Finish Options

**WM15**  
*Satin/Matte Chrome Finish* – chrome is plated over matte nickel to achieve a hard, uniform finish that is semi-lustrous with low reflectivity.

**WM15/PC**  
*Polished Chrome Finish* – chrome is plated over matte nickel to achieve a hard, uniform finish then polished.

**WM15/BL**  
*Black Powder Coated Finish* – fittings are coated with a free-flowing, dry powder to create a hard finish that is tougher than conventional paint.

## NOTES:

**A** 21" x 64" Deluxe Non-Glare Acrylic Frame Set for poster/graphic inserts (min. 17" x 60" printed graphics / not included). Inserts are mounted in between the two pieces of acrylic and fixed in place with low-tack (3MTM 9415PC Removable Repositionable) double sided adhesive tape.

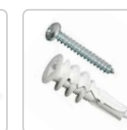

**B** Panels are drilled for M8-10 studs and supplied with six (6 ea) 1" diameter standoff wall supports. Projection from wall is 1".

**Hardware:** Standoff mounted components are supplied in satin chrome finish as standard. Other finish options may be available at online cart checkout.
